EXECUTIVE SUMMARY

01 / 04

IronHull USA is a Service-Disabled Veteran-Owned Small Business focused on sourcing and delivering mission-critical equipment for government and commercial customers. We provide **tactical apparel, flight gear, PPE, medical supplies, shelters, safety equipment, bags, and mission hardware** through trusted manufacturing partners. Built on decades of maritime, aviation, and IT operational experience, IronHull delivers reliable procurement, fast fulfillment, and mission-ready supply solutions, with engineering and training support when required.

CORE COMPETENCIES

02 / 04

MISSION EQUIPMENT & LOGISTICS

- Tactical, safety, medical, and firefighting equipment sourcing and distribution
- TAA and Berry Amendment aligned procurement and vendor sourcing
- Expeditionary gear, shelters, bags, and field equipment supply
- Nationwide logistics coordination and supply chain management

TECHNICAL SERVICES & TRAINING

- Technology procurement and software support services
- Infrastructure planning, modernization, and implementation support
- Computer systems engineering and technical integration support
- Technical & operational training delivery

KEY DIFFERENTIATORS

03 / 04

SDVOSB CERTIFIED	Federal set-aside acquisition pathway
OPERATIONAL LEADERSHIP	Maritime, aviation & cyber mission background
SINGLE-VENDOR SOLUTION	Equipment sourcing, logistics, engineering, and training
COMPLIANT SOURCING	TAA and Berry Amendment aligned procurement
RAPID LOGISTICS	Nationwide acquisition and delivery capability

RELEVANT EXPERIENCE

04 / 04

- Leadership and team have supported engagements involving the U.S. Coast Guard, DHS, U.S. Secret Service, CBP, U.S. Navy, U.S. Air Force, U.S. Army, and NOAA.
- Our personnel maintain a track record of professional collaboration with industry leaders including Verizon, Sophos, Amazon Web Services (AWS) Public and Gov Cloud, and Microsoft.
- We have experience supporting complex operational and technical environments, delivering training programs, and maintaining high availability for government and commercial organizations.
